Subject: Extension of Response Time, Deficiencies in Permit Application, Task # 2989, Carbon Resources, LLC, Kinney #2 Mine, C/007/0047, Outgoing File

Dear Mr. Hunt:

As you are aware the Division has agreed to continue the permitting process for your Kinney #2 Mine application, contingent upon your addressing the outstanding deficiencies. The Division received your request on April 22, 2010 for additional time to respond to the deficiencies listed in our September 24, 2008 letter. Director Baza has agreed to a one-time extension to allow until September 1, 2010 as requested for the required response. With this extension the Division will have allowed almost 2 years for you to complete the application.

The Division will officially deny the permit application if this new deadline is not met.

We look forward to your response. Please contact me at (801) 538-5325 with your questions.

Sincerely,

Daron R. Haddock
Coal Program Manager
